

## NOTIFICATION OF RETAKEN COURSES

If a course has been, or is being repeated at Wabash, according to action of the Faculty, the later grade replaces the earlier in determining the academic grade point average. Official records will show both occasions when the course was taken, with the first grade result replaced by the word "RETAKEN". It is the student's responsibility to notify the Registrar's Office of retaken courses. The form below may be used for this purpose and returned, in person, to the Registrar's Office.
