

Gentlemen,

I will make this brief – I know you're busy. I have 2 important bits of information – one is history, one is future.

History: A week ago we had the Wabash Day of Giving. The goal was 2700 gifts in a single day and we got 3500 that totaled up just north of \$550,000. Very well done. Read more at <https://www.wabash.edu/427/>

Future: Register for our 20 year Big Bash Reunion. You should have heard about it from your living unit rep, an email from the college, or a visit to the webpage. You need to register. Do that here:

<https://www.wabash.edu/alumni/reunion/schedule>

We are looking to have a great turnout and we will make sure you hear about some of the stuff going on that is very different from when we were there that I hope will encourage you and make you proud of the Wabash that you went to and how it has evolved into the Wabash of today. That said, see the link above and register. You can see the schedule on the page. There are events like the Saturday picnic that are great for families and any of the dinners are great too. It is family friendly and a completely casual weekend. Friday, June 3 – Sunday, June 5.

If you haven't been back in a while, a LOT has changed. Even if you have, there is still a lot to take in and get reacquainted with. If you have any questions, please reach out to myself or D. Andrew Reynolds. Looking forward to seeing you June 3-5.
