

Class Newsletter

It's that time again – time for our annual class update newsletter, '07 Rulez!

As always, feel free to send us any kind of update you want. Let us know what you've been up to the past year. Send to wabash07@gmail.com or message us on Facebook or LinkedIn.

Newsletter Theme – Pets!

Because let's face it, our kids and significant others have been hoarding the spotlight in these newsletters and our furry comrades are long past due for a showcase. Send us a family photo or a photo of your pet in action along with your update and we'll be glad to include it.

Newsletter Deadline – April 17

That leaves plenty of time to write and plenty of time to procrastinate. Remember, the newsletter can only happen with your contribution.

Coming Soon – Wabash E-Services Update

You should be receiving an e-mail this month from the Wabash alumni office with a request to update your contact information in Alumni E-Services. The e-mail will contain the information the college currently has on file for you, along with instructions on how to login and make updates to your information. The process only takes a few minutes so if they have your information wrong, you can make it right with just a few clicks.

Look forward to hearing from you!

Ross and Josh

Opportunity: Wabash College Advancement Office

Wabash College invites applications for the position of Coordinator of Prospect Management & Advancement Research.

The Coordinator of Prospect Management & Advancement Research leads the prospect identification, prospect management, and constituent research efforts for the College Advancement Office. This position manages the Advancement Office prospect and donor pool ensuring tracking and analysis of each assigned prospect's movement through the cultivation and solicitation cycle. In addition, this position provides prospect research leadership for the Advancement Office and creates dynamic constituent profiles using publically available information and proactively engages staff in helping to shape cultivation and solicitation strategies based on the information. Finally, this position provides research and data analytics for the Advancement Office and additional College priorities.
