Instructions:

Print out your four-year academic plan from the on-line application system

**on ONE sheet horizontally.**

Staple this form on top of the plan, and take them BOTH to your advisor and department chairs to have them examine the plan and the program to see where the credits will apply and whether or not your plan meets the graduation requirements for Wabash.

Two areas to watch closely are Language Studies as well as the Quantitative Studies requirement. Please make sure you have all of the Distribution requirements figured out before you see your advisor and department chair.

Where the advisor and department chair are the same, just one signature is required.

Both of these forms, stapled together, must be filled out, signed, and returned to Center Hall 112 no later than November 20, 2009.
