Windows 7 to access files on the Network

Go to: Computer >”Map Network Drive” tab:

When the new Window appears, you will need to enter the Folder path.

- Faculty and Staff: Folder: `\tuttle.wabash.edu\Staff`
- Students: Folder: `\wilson.wabash.edu\Student`

Click Finish
You must enter: **WABASH\username**

Then enter your Wabash password

Click OK

You will then have access to your files on the Network:
Once you are done, we recommend you right click on the directory and choose to “Disconnect.”

Please contact the Help Desk (helpdesk@wabash.edu) with further questions. Thank you.
