

Wabash Loan Repayment Assistance Program (LRAP)

The Wabash Loan Repayment Assistance Program (LRAP) is our innovative promise to students: if your income after graduation is less than \$60,000, we can help you repay your federal student, parent PLUS and private alternative loans after graduation.

We're investing in this program, because we want to empower our students to focus on pursuing their passions knowing their future is secure. The Wabash LRAP will help you follow life wherever it may lead because student loan debt won't hold you back.

This unique award is offered at no cost to students who apply Early Decision. In order to benefit, students need to follow these four steps:

- Apply and be admitted Early Decision to Wabash College.
- Submit your \$400 enrollment deposit by January 15, 2026.
- Sign the Wabash LRAP Award document.
- Enroll and graduate from Wabash College.
