RESIDENCE LIFE QUICK FACTS

Wabash.

HISTORY OF RESIDENTIAL LIVING AT WABASH

Residential life. It's what makes college, college. Since South Hall was constructed on the Wabash campus in 1838, Wabash men have enjoyed the idea of living and learning together on our 65-acre campus.

Wabash students have a wide range of housing options — 10 independent residence halls and 10 national fraternities — to meet their individual needs. Students are required to live in campus housing all four years (though some exceptions are granted through the Dean of Students Office). So, whether you prefer a fraternity or a residence hall, living on campus helps students adjust to the rigors of academic life, provides opportunities for social events and intramural sports, and enables students to build friendships that will last a lifetime.

Wabash fraternities were initially organized as literary societies, places where college students could gather and discuss great books. Beta Theta Pi became the first fraternity on campus in 1846 and six others followed by 1900. Fraternities continued to grow in popularity, eventually becoming essential parts of campus life. In the last 15 years, many of the fraternity houses on campus have either been completely rebuilt or renovated. Our fraternities operate largely in a system of self-governance and are responsible for managing their own budgets, events, food service, educating members, maintaining academic excellence, and guiding the social life of the College.

Students who choose to remain independent live in one of 10 residence halls, the majority of which have been built or renovated since 2016. Flexibility is important, as accommodations in these buildings vary from single-man rooms to doubles, triples, and quads, many with their own bathrooms. All have common social areas and laundry facilities. There are two townhomes available in the Ott Residential Life District which replicates apartment-style living. Additionally, there are no dedicated freshman dorms, so independents are in the middle of the campus community immediately. Men who live in residence halls eat in the Sparks Center and have a choice of two meal plans (15 or 19 meals per week).

CTSPCI 2000

36% of students are independents

64% of students are in greek life

Wabash Fraternity **GPA: 3.14** Independent **GPA: 3.12**

National Fraternity GPA: 2.91 Independent GPA: 2.89

Fraternities: Beta Theta Pi, Delta Tau Delta, Kappa Sigma, Lambda Chi Alpha, Phi Delta Theta, Phi Gamma Delta, Phi Kappa Psi, Sigma Chi, Theta Delta Chi, and Tau Kappa Epsilon
