June 2025

Dear Gentlemen of the Great Class of 1976:

Greetings from your Class Agents hoping that this note finds you well and in good spirits. As I write the Wabash Class of 1975 has just completed the celebration of their 50th Reunion from Wabash. All signs would indicate a very successful Reunion with 35-40 Class Members in attendance. They had good weather for the Golf Tournament and the out of doors nature of the Indiana weekend.

We look forward to gathering next June in Crawfordsville for the 50th Reunion of the Great Class of 1976. Class attendance is what drives the success of the weekend. We will appreciate seeing as many shining faces as possible next Spring. Details will be forthcoming ..this is a perfect time to circle the dates on your calendar June 5 – 7, 2026.

Life on the Campus is thriving ..six Members of the Senior Class have been awarded Fulbright Scholarships for study next year in Europe and South America. That is more than I can ever remember and a remarkable performance. Much credit is due to the hard work of Susan Albrecht who serves as Wabash College Fellowship Advisor.

Sports wise the Wabash Train keeps rolling along.

Baseball 27-15

Lacrosse 8-8

Track - All American mention for Will Neubauer in the 800 Meter and the team captured its 11th Conference Outdoor Track and Field title

Tennis -15-9

Golf -a good mix of Tournament Results

Monon Bell Football is in Crawfordsville this Fall on Saturday, November 15th. This is always a good lead up to the Reunions Weekend the following June. If you cannot be there in person the Game is always streamed.

Wabash's 2024-2025 Giving cycle ends on June 30. Please make an effort to get online and send a gift to the College at wabash.edu/give. Of particular interest are gifts

designated to the Collett Fund. I mention this particularly because the outdoor Collett Tennis Facility will need to be rebuilt after the Campus Dining Facility moves back into the Campus Center. I suspect that the College will solicit the support of the Collett Fund. The last Tennis related gift we gave was, I think, a \$75,000 gift to redo the indoor facility followed by a smaller gift to build Locker Rooms.

As we all know, John Collett [W1924] was a great supporter of the College and its Tennis program.

While we're discussing the Collett Fund, your fellow Class Members are certainly receptive to ideas for charitable support at the College. Please send along suggestions for consideration.

Cheers to you all with the hopes for a quiet and uneventful Summer.

We very much appreciate your fiscal year end support [June 30] for the College.
