December 2025

Hello Wabash Class of 2006,

I hope this letter finds you well and thriving in life. It has been a while since we last connected. I am sure like me there have been some updates for us that we would like to share with each other.

At Wabash, a lot of exciting things have occurred at Wabash since our last class letter. The residential life at Wabash has dramatically changed. Besides renovations to the fraternity houses, Martindale Hall completed a total renovation. Plus, a new Residential Life District opened on Crawford Street. The Sparks Center is now a giant hole in the ground as a new community and student life center begins construction. The College is in an exciting phase, and I encourage you to stop by whether it's for a basketball game, a fine arts event, or a brief walk through the campus. If getting to campus is difficult, check out the *After the Bell* series. The next one is December 8 with the new Dean of Students, Scott Brown. You can register for the event [here](#). Finally, we'll celebrate our 20th Reunion at Big Bash on the weekend of June 5 – 7, 2026. Registration will go live at the end of January/start of February.

For me personally, I am married to Jennifer for over 13 years and together we have Emma (10) and Harrison (7). We live in the western suburbs of Chicago. I work at The New York Blower Company, an Industrial Fan Manufacturer, as their Vice President – Legal, Safety, and Compliance. After Wabash College, I joined New York Blower in the sales department and while working I attended John Marshall Law School (now known as University of Illinois – Chicago Law School).

Looking ahead, I hope we can find opportunities to meet up with each other – whether for our upcoming reunion, a local event, or simply to catch up over a cup of coffee.

Please feel free to reach out and share any updates or stories from your life or to grab that cup of coffee. I would love to hear from you and learn about what you have been up to and share any news whether it's a special achievement, a marriage, a child, or a new position in life. I look forward to spreading the news to our classmates as your new class agent.

Wishing you all continued success, health, and happiness. Let's stay in touch!

WAF,

Jeff Sostak
