Dear Alumni, Friends, and Parents,

Financially speaking, 2011-2012 was a successful year for Wabash College. Our Net Assets dropped slightly for the year, however the College still maintains net assets in excess of \$479 Million. The value of the endowment at June 30, 2012 was approximately \$325 Million. Our Investment Manager performance for the year yielded a return of -.66% for the year. The Investment Committee of the Board of Trustees was very active in monitoring our investments during the past year and the Committee members believe that our investment strategy is a sound one for the long haul.

The financial highlights for the year ended June 30, 2012 are included on a page entitled Financial Statement located at the end of this letter. You will note from this statement that of the \$30.270 Million we receive in tuition, room and board revenues, we fund \$14.268 Million of scholarships and financial aid to offset these charges. This represents an average discount rate of approximately 50.56% of tuition, a slight drop from the previous year.

The portion of Investment Income that is funded by drawing from the endowment increased significantly to pay for debt service principal of \$2.27 Million and Early Retirement and Marketing expenses of \$1.767 Million. Total gifting revenues used for operations were in excess of \$8 Million. The Annual Fund Contributed approximately \$3.2 Million of gifting revenue. In this economic environment, this is a phenomenal feat that demonstrates the loyal commitment of the alumni and friends of Wabash College.

Thank you once again for your continued support of the men of Wabash College.

Sincerely,

Larry Griffith
Treasurer and Chief Financial Officer
