April 2004

Class of 1995:

Please take a moment and send the College your email address at alumni@wabash.edu (if you did not receive this letter by email). We are attempting to communicate faster and cheaper so please help.

✓ May 1st is the deadline for young men to decide where they will be attending college. Currently, the College has over 170 paid deposits from students who have decided to attend Wabash College! They are projecting over 260 deposits with hopes for a class of 250. Please contact any of your seniors who are still considering Wabash. Your contact could make a difference.

As of last week, the College is only 100 referrals behind the record referral pace of 2002. The College needs around 200 referrals to break 1000 referrals for the third consecutive year. Please pledge to refer one prospective student by July 1. This will allow Admissions to begin personal contact with your recruit this summer. You may think you do not know any high school students, but they are at your churches, your local community groups, and may be sons of your neighbors or clients. Outstanding young men are often written up in local neighborhood papers. Let the College know about these young men, and they will contact them this summer! Send your referrals to Steve Klein at P.O. Box 352, Crawfordsville IN, 47933, call us at 800-345-5385, email Steve Marcou '93 a marcous@wabash.edu, or simply refer prospective students on the website at LINK.

Remember, the NAWM and the Admissions Office are sponsoring an Admissions Class Award for any class with 18 men or 8% of the class making a referral. We have until July 1 to reach this mark. Thank you for your continued efforts in Spreading the Fame!

✓ As part of the newly awarded Lilly Endowment Grant, the Schroeder Career Center staff created the Indiana Internship Initiative. Students apply for the grant by turning in an application form, a resume, a sample cover letter and a career goals statement. Current freshmen, sophomores and juniors are eligible. Recipients are selected from the application pool- approximately 20 per year for a five-year period. Student recipients will receive a stipend of $2000 for the summer, if they secure an internship in the state of Indiana. The internship can be unpaid or paid by the employing organization; it can be with a non-profit or a for-profit organization. To receive the stipend, a student must also complete a professional preparation program coordinated by our office. In the inaugural year of the grant, 10 students applied for and received the grant.

The students are not "placed" at an internship site. The student chooses application sites based on his future career goals. The internship is designed to integrate the student’s classroom knowledge with real life situations. The students are required to establish learning goals and create specific objectives by which to meet those goals. During the course of the internship, the College will partner with the site supervisors to mentor and guide the students.

As you consider the staffing needs of your organization, please keep Wabash College in mind. Developing new internships within your organizations, or advertising your positions with the College benefits students and their career development needs. Obviously, not all summer interns will be selected as Lilly Grant recipients,
with only 20 per summer. Other students are seeking internships as well; so many opportunities that may be provided to the students are appreciated.

Feel free to contact them at 765-361-6414 or at careers@wabash.edu.

✓ With an increase of nearly $750,000 this past week, The Campaign for Leadership has surpassed the $131 million mark en route to the $132.5 million goal. With just over two months remaining until the end of the campaign (June 30), the College less than $1.5 million to raise. The College is confident they will reach and even exceed the goal with strong efforts of the staff and volunteers over the next 60 plus days. Thank you for all that you have done in getting the College to this point.

Remember that the 2003-2004 fiscal year ends on June 30, 2004. As of April 23, 2004 there are approximately 1800 alumni and friends who made a gift last fiscal year but have yet to renew their gift this fiscal year. Gifts including matching gifts received between now and the end of the fiscal year will help the GWF get closer to reaching its goal of $3 million and will be counted toward the Campaign for Leadership total.

Make a gift online at www.wabash.edu/giving or by phone at 877-743-4545.

✓ Wabash athletes have earned athlete of the week honors for the North Coast Athletic Conference over the past few weeks. Read these stories and more at http://www.wabash.edu/sports/.

✓ Congratulations are in order for Brett Crousore ’95 who coached the Lawrence North wrestling team in Indianapolis to a state championship win in late February.

✓ Marcus Billadeau ’95 writes, “I was accepted into the Union Pacific ‘Conductor in Training’ program. Out of 1500 applicants for the Chicago Service Unit, there are 28 of us still standing. I owe my #1 class ranking to my Wabash education.”

Drop me an e-mail (sextonr@oakwood.org) if you have news to include in the next letter, or feel free to give me a call at (248) 544-7918.

Wabash Always Fights,

Roy
