September 2026

Gentlemen:

Greetings from your Class Agents and many thanks for all the hard work that went into our 50th Reunion Weekend. I think everyone was pleased by the turnout and the enthusiasm of so many classmates and spouses. The College is a special place as we all agree. Special thanks to Rick Cavanaugh, Rob Matthews and Mike Braun for organizing the 1976 Reception at the Governor's Residence..very special for all involved. Further thanks to Fred and Tim Gagen and Pat Bechdol for steering the Reunion Organizing Committee. Great Fun.

The College is in great shape..matriculation is strong and the Academic Year of 2026-2027 is in full swing. Football has begun another strong season with a 3-0 record at this writing. Soccer has a very strong team this year and, after a 6-1-1 start with the non league Indiana schools, find themselves ranked 7th in the region. It is clearly worth dialing in on the College website on the Soccer page/schedule to see live video of their games. <https://sports.wabash.edu/sports/mens-soccer/schedule> Cross Country has a full roster and seems in good shape after two group meets early in the season. I am always grateful to see Rob Johnson and Clyde

Morgan on the masthead of the X Country and Track pages..they have given great and long term service to the College.

The Monon Bell Game will be held in Muncie, Indiana this fall due to the demolition and rebuild of DePauw's Blackstock Stadium. Capacity at Ball State is significantly higher than either Wabash or DePauw's capacity thus seats will be easier to access. I assume that the College will arrange transport for faculty and students back and forth to Muncie.

I always like to include a humble call for financial support of the College. Charitable gifts are always gratefully received at <https://www.wabash.edu/give>.

Cheers from Fred and me.
