## Merry Christmas and A Healthy 2012

We're all getting older – that means a little less travel and some of the “get up and go” got up and went.

I don't know about you, but I have met a lot of new, highly educated friends this past year. Most of them are:

- Cardiologists
- Radiologists
- Anesthesiologists
- ICU and ER specialists
- Urologists
- Internists
- Eye doctors
- Dentists

Thank goodness for Joy – she's still my loving, caring forgiving, and understanding partner. I hope your lives are as full as mine is.

Don't forget to make a gift to Wabash – those young men need our guidance and our support.

God bless you and God Bless America.
