Big Bash 15 Year Reunion Recap

June 2022

Classmates,

15 Year Reunion Recap

12 classmates made the trip to Crawfordsville to celebrate our 15 year reunion earlier this month. We didn't set any attendance records or win alumni chapel sing - but we had a great time along the way to a very respectable showing among the 5-to-60 year reunion classes. Lots of photos follow for your enjoyment/amusement.

Annual Fund Deadline

We can still improve our Annual Fund participation for 2021-2022! If you haven't made a gift to Wabash (any amount) since before July 1, 2021, your participation is needed by this year's deadline of June 30. Visit www.wabash.edu/giving/give for an easy form to participate.

Fall at Wabash

There will be plenty of opportunities to visit campus this fall, including six home football games in the new and very much improved Little Giant Stadium:

Sept. 3 (vs. Hampden-Sydney) • Sept. 10 (vs. North Central) • Sept. 24 (vs. Denison)
October 15 (vs. OWU) • October 29 (vs. Hiram) • November 5 (vs. Kenyon)

Finally

Remember to send a note to wabash07@gmail.com to update your contact information or to share an update with the class!

Ross and John

Officially in the books! Back Row: Ashley Stephen, Daniel Petrie, Jake Lundorf, Greg Strodtman, Brett Gann, Gabe Smith / Front Row: Ross Dillard, Steven Rhodes, James Jared, Kaizad Daruwala, John Meara, and Tony Caldwell

Officially managed through both verses of “Old Wabash” at Alumni Chapel Sing

Great family turnout!

Mini reunions for the Phi Psi and Kappa Sigma pledge classes

Despite Jake Lundorf creatively bellowing the fight song and Ross Dillard performing an “air raid” on stage, the judges could not be bothered to award us first, second, or even third place...

June 2012

June 2017

June 2022 - Ashley Stephen and Steven Rhodes make it 3 for 3 class reunions!!

Matt Tanney '05, Director of Athletics, spoke at our class dinner, which also required our first "kids' table" to accommodate the next generation of '07

Class Dinner 2022 hosted at TKE

Classmate Update

Nic Bitting '07 writes: *After three years with Merritt Woodwork, estimating estate level architectural interiors for some of the premier residential projects throughout the US, I am excited to share that I recently accepted a new role as Senior Estimator with Studio 431. Studio 431 is the custom environments division at Landscape Forms - we partner with landscape architects and commercial general contractors to craft world class outdoor environments. I'm excited to dig deeper into this niche of the AEC industry. It truly feels like I'm coming full circle as I combine the professional skill set I've developed over the years with the nature based mindset I cultivated in my sculptural work at Wabash.*

My partner Jess and I have been in Grand Rapids, MI for four years and we love living near Riverside Park - 180 acres along the Grand River. We're looking forward to warmer weather so we can start kayaking on the river again. In our search for sunshine we made it down to St. Thomas, USVI in late March - it was a revelation. The snorkeling was phenomenal, seafood was incredible, and the tropical breezes delightful.
