Wabash Men of the Class of 2012,

March 2021

Happy New Year!

As we put a bow on this first letter of 2021, vaccines are beginning to find their way into the arms of those of us born in 1989 and 1990. The College will open [the new Little Giant Stadium](#) in the fall so hopefully we can all be together safely in Crawfordsville for the **127th Monon Bell Classic on November 13.**

The purpose of this correspondence is not to hear from us, but rather the **67** of you who sent in updates.

We hope you enjoy this letter as much as we did as it was inspiring to see the many personal and professional accomplishments from one of the best classes to go through Wabash in recent memory. As you read through the updates, be thinking about ways we can learn and support one another as we become *mid-career professionals*.

We already plan to do another round of updates later this year, so if you didn't get a chance to fill out, it's [not too late](#)! Or if you notice that someone is missing, give them a helpful nudge to get something submitted as well 😊

NEWS FROM THE COLLEGE

- [Wabash Receives \\$4.5 Million Grant from Lilly Endowment](#)
 - "Restoring Hope, Restoring Trust" initiative will support equity and student belonging with MXI as hub
- [Vermeulen '21 Wins 27th Moot Court Competition](#)
 - This year's case involved the right to vote and was held over Zoom, judges still ate nails for breakfast
- [Five Little Giants Earn NCAC Athlete-of-the-Week Honors](#)

Can't say enough good things about the program because it allowed me time to take a breather, learn a few things I avoided at Wabash (since grades no longer matter), expand my network, and do a career pivot.

COVID MEMORIES / HIGHLIGHTS

Feb '20 = IU consulting prj in China cancelled (I was still trying to go!); March '20 = IU consulting prj in Guatemala cancelled two days before departure; moving back to Indy for weeks of online classes / supporting local restaurants / walks on the Monon; spending entire summer in a "virtual" internship competing for a job; weekend escapes to the lake

RESOLUTION FOR 2021

Be more intentional and disciplined with how I spend time. Run / bike 2,021 miles.

PERSONAL UPDATE

moved to Dallas in May, spend my time getting people to argue on social media, reading, watching sports, and listening to podcasts. Younger brother Abe is going to be a senior at Wabash next year.

PROFESSIONAL UPDATE

Moved in Dallas in May to work as a regional recruiter for Wabash. The College is trying to grow our geographic footprint beyond the Midwest and Texas is the first place we're trying to grow. There are 1,000 new Texans a day so this is a tremendous opportunity for Wabash. We just announced a position for another regional recruiter to be based in Arizona -- if you're interested in that position, hit me up!

COVID MEMORIES / HIGHLIGHTS

Moving during a pandemic was pretty wild -- especially choosing an apartment on FaceTime. Glad to have a good network of Wabash guys in DFW metroplex. Generally enjoy the sun and warmer weather. Mental health and blood pressure have greatly improved since January 20, 2021 :)

RESOLUTION FOR 2021

Do a better job of staying in touch with friends.
