Beta Theta Pi - ΒΘΠ

Beta Theta Pi was the first fraternity at Wabash College, founded in 1846, and has been a leader on campus ever since. We have one of the strongest alumni networks and were blessed with a complete renovation of our house in 2000.

Beta has always been a strong academic house, and that continues as we consistently have among the top GPA of all living units on campus. Betas can also be found outside of their coursework taking on leadership positions across the board. Betas are currently leaders in the College Republicans, College Democrats, the IFC, the history society, the business club, the rugby club and numerous other clubs.

We have members in almost every campus organization that contributes to the Wabash community. In addition, Betas can be found in almost every sport, boasting the most football players of any living unit, as well as members of the basketball, baseball, tennis, soccer, track, swimming, and wrestling teams.

At Beta, we expect our brothers to be involved on campus, to contribute to the community, and to share in the bonds that tie us together. We hope that you will stop by our house on your visit to find out more about our brotherhood. Come see if Beta is what you are looking for in a college experience.

We the brothers of Delta Tau Delta Fraternity, Chapter Beta Psi welcome you this weekend to Wabash College. We hope that you will find this visit as helpful and inspiring as we did our senior years of high school. For many of us, the choice of Delta Tau Delta came during our time here for Honor Scholar weekend. The brothers to this day continue the tradition of welcoming prospective students with the hope of building our future Chapter and continue the Delt tradition of being “committed to lives of excellence.” We would like to extend you an invitation to come and experience our Chapter.

Please feel free to stop by the Delta Shelter and check it out. If you have interest in athletic teams or clubs on campus, stop by and ask us questions. We have brothers participating and leading in nearly every sport and club on campus. Throughout Honor Scholarship Weekend you will find brothers hanging out shooting hoops, playing corn-hole, and watching NCAA basketball among many other activities with the hopes of meeting all of you. Also, each night we will be providing wings, pizza, and soda. We hope you enjoy your time on our campus and we look forward to meeting you.

The brothers of Kappa Sigma at Wabash College, Alpha-Pi Chapter, welcome you to Wabash College. We've been at Wabash since 1895 and are proud of our Chapter and our Brotherhood. Coming to Wabash and the decision to rush Kappa Sigma was one of the most formative decisions of every one of our lives. We found something great at the Kappa Sigma house, and we believe you will too.

Kappa Sigma is a lifelong brotherhood focused on scholarship, leadership, fellowship, and service. We promote these values in our everyday living in and out of the Chapter house, in our relationships with each other and with those around us. Kappa Sigmas have served recently as Vice-President of the Student Body, Student Senate Treasurer, and editors of publications, have directed plays at the theater, participate in athletics, and almost every aspect of the campus.

We encourage every member, brother and pledge, to be active and engaged on campus. One of our mottos, “Some may equal, but none excel,” drives us always to be better men. Brothers of the house come from almost every region of the country and major in almost every department of the College.

We hope you'll stop by the Kappa Sigma house for our annual hog roast and pizza, and to find out about our house. We'd love to meet you and get to know you, and help you consider whether Kappa Sigma and Wabash College could be a good fit for you. Enjoy your time here at Wabash.

On May 20, 1918, 27 undergraduates of Wabash College were initiated into what is now one of the largest national fraternities in America. The brothers and their traditions moved to different locations around Crawfordsville before making their permanent residence at 515 W. Jennison.

Lambda Chi has had a rich history of academics, athletics, and extracurricular activities. In the mid 90s, our chapter had the highest GPA of all Lambda Chis in the nation. We continue to be very competitive academically on campus as well, maintaining a house GPA within the top three annually. Lambda Chi is also a house of leaders. The current IFC president, Newman Center Catholic organization president, Unidos por Sangre president, and APO vice-president are all Lambda Chi brothers. We also have eight members of the Sphinx Club as well as had three of the four football captains this past season. We have brothers who perform exceptionally in swimming, track, baseball, basketball, rugby, the wind ensemble, the jazz band, the glee club, the biology society and the chemistry club. At Lambda Chi, we know how to keep busy and make a difference.

The brothers of Lambda Chi Alpha welcome you this weekend and encourage you to examine all of your housing options for next year. We are all Wabash men and hope that above all that you find Wabash as special as we do. If you decided to rush a fraternity, keep in mind the difference you can make by being a Lambda Chi. We are a house based on ACADEMICS, CHARACTER, LEADERSHIP, and above all BROTHERHOOD. As you rush, ask yourself whose footsteps do you want to follow?

The Indiana Beta chapter of Phi Delta Theta is now one of the oldest chapters in the country, operating continuously since it was created here at Wabash College in 1850. For 156 years, generations of Phi Delts have inhabited the house on the corner of Walnut and College Streets and spent four years in one of the best fraternities in the country. This year, our chapter boasts living in our brand new $5 million facility. One of the newest on campus, our house has only added to the already strong bond through which the brothers are united.

Our chapter has always been known for its diversity, as well as the strength of the bond we share. Our house has a large percentage of athletes. We have brothers in nearly every sport offered here at Wabash but also have guys in many of the clubs, organizations, and academic departments on campus. Despite all the diversity, we continue to be one of the closest and strongest fraternities here at Wabash College, one where a Wabash man can spend the best four years of his life.

www.wabash.edu/fraternity/phidelt
Repeatedly academic standouts, the men of Psi Chapter have attained an all-house GPA above the all-men’s national average for well over four decades, and for the Fall 2006 semester achieved the #1 fraternity GPA on campus. Brothers in the FIJI House are members of APO, College Democrats, College Republicans, Sons of Wabash, Hovey Society, Biology Society, Chemistry Club, Business Society, Student Senate, Senior Council, Outdoorsmen’s Club, Spanish Club, and the Sphinx Club. Continuing in Phi Gamma Delta’s strong athletic tradition, we also have members of the football, soccer, rugby, baseball, basketball, track, cross country, fencing, golf, swimming, wrestling, tennis, and water polo teams, and we are consistently one of the top houses in Intramural Sports.

We invite you to stop by our newly constructed $5.1 million chapter house and to really take a moment to get to know the brothers. We look forward to meeting you!

On behalf of the Brothers of Phi Kappa Psi, we would like to welcome you to our beautiful campus. While we hope that you take a chance to explore all of the living units here at Wabash, we would like to tell you about our beloved fraternity, the Indiana Gamma Chapter of Phi Kappa Psi. Phi Psi, as it is commonly called, is a place where you will develop life-long friends who will help you take advantage of all that Wabash has to offer. Whether you wish to lead on campus, be involved in organizations, excel at sports, express yourself creatively, or are unsure of what you might like to pursue here, the Brothers of Phi Kappa Psi have been there and can help lead you in the right direction. The Phi Psis are active in almost every sport on campus, including football, cross-country, baseball, basketball, tennis, swimming, as well as several others. We are also actively involved in intramural sports, the Sphinx Club, the WNDY radio station, Unidos por Sangre, the Malcolm X Institute, as well as many other organizations. We also boast the third highest GPA on campus this semester.

Besides being involved throughout Wabash, the Phi Kappa Psi fraternity has just finished a $3 million renovation, providing the highest living standard on campus, thanks to the generosity of the college and our loyal alumni.

Please join us the Friday of Honor Scholarship Weekend as we will be having the band Asteria playing, and stop by on Saturday to enjoy a movie on the lawn.

www.wabash.edu/fraternity/phipsi
You’ve reached a very important time in your life -- you’re preparing to go to college and must be ready to make a variety of new decisions. Among these decisions, is where you’ll be living for the next four years of your life. However, if you’re simply looking for a place to sleep and put you belongings, Sigma Chi may not be right for you. At Sigma Chi, we emphasize the principles of brotherhood, under which you will be able to form the strongest of bonds, which will last you a lifetime. The men of the Delta Chi Chapter of the Sigma Chi Fraternity just celebrated the 125th anniversary of their founding here at Wabash College and have recently moved into one of the newest living units on campus, completed in 2003.

We take pride in our academic achievements, campus involvement, community service, diversity, and close bonds of brotherhood. In recent years, we have consistently maintained a high GPA. Sigma Chi brothers are active in eight varsity and club sports. Continuing a tradition of campus leadership, this year the men of Sigma Chi have held leadership positions in the Sphinx Club, Student Senate, APO, and both College Republicans and Democrats. Brothers have also recently dedicated their time to various philanthropic pursuits such as hosting Special Olympics Tournaments, Scouting, the local Boys and Girls Club, and Hurricane Katrina Relief.

The Alpha-Alpha Chapter of Tau Kappa Epsilon was founded in 1927 and rechartered in 1967. The first racially integrated fraternity on campus, the Alpha-Alpha chapter has maintained a tradition of diversity. The current membership includes guys from five countries and four different continents. There is also a diversity of interests with almost every major ethnic group being represented. Tekes are also involved on campus participating in many clubs including: College Republicans, College Democrats, Newman Club, French Club, Alpha Phi Omega (service fraternity) and more.

When going to school to be the man you want to be, what better place is there to do it than an environment full of different views that test or compliment your own? In a house comprised of many different ethnicities and beliefs it is hard to go long without having a compelling discussion about what is important in both politics and life overall. Where else on campus could you debate the importance of government in China with a Chinese student, Burma with a Burmese student, Africa with an African student, Romania with a Romanian student? And the list continues. Then after a long day of classes you can sit down with a group of guys and play games, watch movies, listen to music, work on a car, play with the dog, watch T.V., or if you have more energy left you could play racquet ball, basketball, horseshoes, ping pong, badminton. You bring it, we play it. So, while you are here, stop by our house and see for yourself what our brotherhood can offer you.

www.wabash.edu/fraternity/tke
Theta Delta Chi - ΘΔΧ

Theta Delta Chi is a distinct and growing house on campus. The Theta Delts live in a house, unlike the dorm-style of the other fraternities, and boast a 24 hour kitchen, spacious rooms, and private bathrooms. Theta Delta Chi is the only independently owned fraternity on campus and has the lowest house bills. Also, the house is newly refurbished including unique Victorian style woodwork.

A brother of Theta Delta Chi can expect to find many opportunities for leadership in the close-knit group of men both in and out of the house. Brothers participate in Sphinx Club, swimming, track, soccer, football, golf, Glee Club, rugby, Jazz band, IFC, Alpha Phi Omega, Unidos por Sangre, Phi Beta Lambda, College Democrats, and College Republicans. Even as freshmen, the brothers of Theta Delta Chi can expect to take on significant leadership roles like treasurer, rush chairman, or social chairman of the house. Theta Delta Chi is truly a house for leaders.

Academically, Theta Delts take pride in their work and have kept a consistent GPA above 3.0 and continually strive for improvement. However, it’s not all business at the Theta Delt house; the brothers have a refinished pool table, ping pong table, and a big screen TV, not to mention the most square feet per person as a living unit. Stop by the house anytime to experience how being a brother at Theta Delta Chi enhances the liberal arts education that is Wabash College.
