Dear Alumni, Friends, and Parents,

Financially speaking, 2010-2011 was another successful year for Wabash College. The value of the pooled endowment at June 30, 2010 was approximately \$282 million. Our Investment Manager performance yielded a total return of 20.7% for the year. After draws for operations, the value of the pooled endowment at June 30, 2011 had reached a level of \$326 million.

The Investment Committee of the Board of Trustees was very active in monitoring our investments during the past year and the Committee members believe that our investment strategy is a sound one for the long haul.

The financial highlights for the year ended June 30, 2011 are included on a page entitled Financial Statement located at the end of this letter. You will note from this statement that of the \$27.66 million Wabash receives in tuition and room and board revenues, we fund \$13.1 million of scholarships and financial aid to offset these charges. This represents an average discount rate of approximately 50.8% of tuition, a drop of almost 3.13% from the previous year.

Investment income decreased from \$18.11 million for 2009-2010 to \$16.36 million for 2010-2011. This is a result of our discipline to maintain a responsible draw for operations from endowment assets. Total gifting revenues used for operations were in excess of \$8.34 million, including approximately \$3.1 million from the Annual Fund. In today's economic environment, this is a phenomenal feat that demonstrates the loyal commitment of the alumni and friends of Wabash College.

Overall, Wabash College was able to decrease expenditures by over \$1.6 million for the year. This restructuring continues to be done intentionally and systematically to insure the quality education for all of our current Wabash men.

Thank you once again for your continued support of the men of Wabash College.

Sincerely,

Larry Griffith
Treasurer and Chief Financial Officer
