AS01
Explanation of Terms

You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

The Schedule

The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.
Special Plan Provisions

When you select a Participating Provider, this Plan pays a greater share of the costs than if you select a non-Participating Provider. Participating Providers include Physicians, Hospitals and Other Health Care Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

CIGNA'S Toll-Free Care Line

CIGNA's toll-free care line allows you to talk to a health care professional during normal business hours, Monday through Friday, simply by calling the toll-free number shown on your ID card.

CIGNA's toll-free care line personnel can provide you with the names of Participating Providers. If you or your Dependents need medical care, you may consult your Physician Guide which lists the Participating Providers in your area or call CIGNA's toll-free number for assistance. If you or your Dependents need medical care while away from home, you may have access to a national network of Participating Providers through CIGNA's Away-From-Home Care feature. Call CIGNA's toll-free care line for the names of Participating Providers in other network areas. Whether you obtain the name of a Participating Provider from your Physician Guide or through the care line, it is recommended that prior to making an appointment you call the provider to confirm that he or she is a current participant in the Program.

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your Dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the toll-free number shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.

- The Review Organization assesses each case to determine whether Case Management is appropriate.

- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.

- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.

- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).

- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
• Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Additional Programs

CG may, from time to time, offer or arrange for various entities to offer discounts, benefits or other consideration to Employees for the purpose of promoting their general health and well being. Contact CG for details of these programs.

Important Information About Your Medical Plan

Details of your medical benefits are described on the following pages.

Opportunity to Select a Primary Care Physician

Choice of Primary Care Physician:

When you elect Medical Insurance, you may select a Primary Care Physician for yourself and your Dependents from a list provided by CG. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Primary Care Physician's Role/Direct Access to Participating Physicians:

The Primary Care Physician's role is to provide or arrange for medical care for you and any of your Dependents. However, you and your Dependents are allowed direct access to Participating Physicians for covered services. Even if you select a Primary Care Physician, there is no requirement to obtain an authorization of care from your Primary Care Physician for visits to the Participating Physician of your choice, including Participating Specialist Physicians, for covered services.

Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed. In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician, if you choose.

Effect Of Section 125 Regulations On This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 Regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise you will receive your taxable earnings as cash (salary).

Provisions in this certificate which allow for enrollment or coverage changes not consistent with Section 125 Regulations are superseded by this section.

Coverage Elections

Per Section 125 Regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed if you enroll for or change coverage within 30 days of the following:

• the date you meet Special Enrollment criteria per federal requirements as described in the Section entitled “Eligibility – Effective Date/Exception to Late Entrant Definition”; or
• the date you meet criteria shown in the section entitled “Change of Status.”

Change in Status

A change in status is defined as:

• change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
• change in number of dependents due to birth, adoption, placement for adoption or death of a dependent;
• change in employment status of Employee, spouse or dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under Family and Medical Leave Act (FMLA) or change in worksite;
• changes in employment status of Employee, spouse or dependent resulting in eligibility or ineligibility for
coverage;
• change in residence of Employee, spouse or dependent; and
• changes which cause a dependent to become eligible or ineligible for coverage.

Any changes in coverage must pertain directly to the change in status.

**Court Order**

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

**Medicare Eligibility/Entitlement**

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare, or enrolls or increases coverage due to loss of Medicare eligibility.

**Change in Cost of Coverage**

If the cost of benefits increases or decreases during a benefit period, your Employer may in accordance with plan terms automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

**Changes in Coverage of Spouse or Dependent Under Another Employer’s Plan**

You may make a coverage election change if the plan of your spouse or Dependent: (a) incurs a change such as adding or deleting a benefit option; (b) allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare Eligibility/Entitlement; or (c) this Plan and the other plan have different periods of coverage.

**How To File Your Claim**

The prompt filing of any required claim form will result in faster payment of your claim.

You may get the required claim forms from your Benefit Plan Administrator. All fully completed claim forms and bills should be sent directly to your servicing CG Claim Office.

Depending on your Group Insurance Plan benefits, file your claim forms as described below.

**Hospital Confinement**

If possible, get your Group Medical Insurance claim form before you are admitted to the Hospital. This form will make your admission easier and any cash deposit usually required will be waived.

If you have a Benefit Identification Card, present it at the admission office at the time of your admission. The card tells the Hospital to send its bills directly to CG.

**Doctor's Bills and Other Medical Expenses**

The first Medical Claim should be filed as soon as you have incurred covered expenses. Itemized copies of your bills should be sent with the claim form. If you have any additional bills after the first treatment, file them periodically.

**CLAIM REMINDERS**

- **BE SURE TO USE YOUR MEMBER ID AND ACCOUNT NUMBER WHEN YOU FILE CG’S CLAIM FORMS, OR WHEN YOU CALL YOUR CG CLAIM OFFICE.**
  
  YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.
  
  YOUR ACCOUNT NUMBER IS THE 7-DIGIT POLICY NUMBER SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

- **PROMPT FILING OF ANY REQUIRED CLAIM FORMS RESULTS IN FASTER PAYMENT OF YOUR CLAIMS.**

**WARNING:** Any person who knowingly presents a false or fraudulent claim for payment of a loss or benefit is guilty of a crime and may be subject to fines and confinement in prison.

---

**Accident and Health Provisions**

**Notice of Claim**

Written notice of claim must be given to CG within 30 days after the occurrence or start of the loss on which claim is based. If notice is not given in that time, the claim will not be invalidated or reduced if it is shown that written notice was given as soon as was reasonably possible.

**Claim Forms**

When CG receives the notice of claim, it will give to the claimant, or to the Employer for the claimant, the claim forms which it uses for filing proof of loss. If the claimant does not receive these claim forms within 15 days after CG receives notice of claim, he will be considered to meet the proof of loss requirements if he submits written proof of loss within 90 days after the date of loss. This proof must describe the occurrence, character and extent of the loss for which claim is made.

**Proof of Loss**

Written proof of loss must be given to CG within 90 days after the date of the loss for which claim is made. If written proof of loss is not given in that time, the claim will not be invalidated.
or reduced if it is shown that written proof of loss was given as soon as was reasonably possible.

**Physical Examination**
The Employer, at its own expense, will have the right to examine any person for whom claim is pending as often as it may reasonably require.

**Eligibility - Effective Date**

**Eligibility For Employee Insurance**
You will become eligible for insurance on the day you complete the waiting period if:

- you are in a Class of Eligible Employees; and
- you are an eligible, full-time Employee; and
- you normally work at least 20 hours a week.

If you were previously insured and your insurance ceased, you must satisfy the New Employee Group Waiting Period to become insured again. If your insurance ceased because you were no longer employed in a Class of Eligible Employees, you are not required to satisfy any waiting period if you again become a member of a Class of Eligible Employees within one year after your insurance ceased.

**Initial Employee Group:** You are in the Initial Employee Group if you are employed in a Class of Eligible Employees as determined by your Employer.

**New Employee Group:** You are in the New Employee Group if you are not in the Initial Employee Group.

**Eligibility for Dependent Insurance**
You will become eligible for Dependent insurance on the later of:

- the day you become eligible for yourself; or
- the day you acquire your first Dependent.

**Waiting Period**

**Initial Employee Group:** None.

**New Employee Group:** None.

**Classes of Eligible Employees**
Each Employee as reported to the insurance company by your Employer.

---

**Employee Insurance**
This plan is offered to you as an Employee.

**Effective Date of Your Insurance**
You will become insured on the date you elect the insurance by signing an approved payroll deduction form, but no earlier than the date you become eligible. If you are a Late Entrant, your insurance will not become effective until CG agrees to insure you. You will not be denied enrollment for Medical Insurance due to your health status.

You will become insured on your first day of eligibility, following your election, if you are in Active Service on that date, or if you are not in Active Service on that date due to your health status. However, you will not be insured for any loss of life, dismemberment or loss of income coverage until you are in Active Service.

**Late Entrant - Employee**
You are a Late Entrant if:

- you elect the insurance more than 30 days after you become eligible; or
- you again elect it after you cancel your payroll deduction.

**Exception to Late Entrant Definition**
A person will not be considered a Late Entrant when enrolling outside a designated enrollment period if: he had existing coverage, and he certified in writing, if applicable, that he declined coverage due to such existing coverage; Employer contributions toward the other coverage have been terminated; he is no longer eligible for prior coverage; or if such prior coverage was continuation coverage and the continuation period has been exhausted: and he enrolls for this coverage within 30 days after losing or exhausting prior coverage.

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption, you may enroll your eligible Dependents and yourself, if you are not already enrolled, within 30 days of such event. Coverage will be effective, on the date of marriage, birth, adoption, or placement for adoption.

Any applicable Pre-existing Condition limitation will apply to you and your Dependents upon enrollment, reduced by prior Creditable Coverage, but will not be extended as for a Late Entrant.

**Pre-Existing Condition Limitation for Late Entrant**
For plans which include a Pre-existing Condition limitation, the one-year waiting period before coverage begins for such conditions, will be increased to 18 months for a Late Entrant.
For plans which do not include a Pre-existing Condition limitation, you may be required to wait until the next plan enrollment period to enroll for coverage under the plan, if you are a Late Entrant.

For plans which do not standardly include a Pre-existing Condition limitation and which do not include an annual open enrollment period, a Pre-existing condition limitation of 18 months will apply for a Late Entrant only.

**Dependent Insurance**

For your Dependents to be insured, you will have to pay part of the cost of Dependent Insurance.

**Effective Date of Dependent Insurance**

Insurance for your Dependents will become effective on the date you elect it by signing an approved payroll deduction form, but no earlier than the day you become eligible for Dependent Insurance. All of your Dependents as defined will be included.

If you are a Late Entrant for Dependent Insurance, the insurance for each of your Dependents will not become effective until CG agrees to insure that Dependent. Your Dependent will not be denied enrollment for Medical Insurance due to health status.

Your Dependents will be insured only if you are insured.

**Late Entrant – Dependent**

You are a Late Entrant for Dependent Insurance if:

- you elect that insurance more than 30 days after you become eligible for it; or
- you again elect it after you cancel your payroll deduction.

**Exception for Newborns**

Any Dependent child born while you are insured for Medical Insurance will become insured for Medical Insurance on the date of his birth if you elect Dependent Medical Insurance no later than 31 days after his birth. If you do not elect to insure your newborn child within such 31 days, coverage for that child will end on the 31st day. No benefits for expenses incurred beyond the 31st day will be payable.
OPEN ACCESS PLUS MEDICAL BENEFITS

The Schedule

For You and Your Dependents

Open Access Plus Medical Benefits provide coverage for care In-Network and Out-of-Network. To receive Open Access Plus Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Copayment, Deductible or Coinsurance.

If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.

Coinsurance
The term Coinsurance means the percentage of charges for Covered Expenses that an insured person is required to pay under the plan.

Copayments/Deductibles
Copayments are expenses to be paid by you or your Dependent for the services received. Deductibles are also expenses to be paid by you or your Dependent. Deductible amounts are separate from and not reduced by Copayments. Copayments and Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached you and your family need not satisfy any further medical deductible for the rest of that year.

Out of Pocket Expenses
Out-of-Pocket Expenses are Covered Expenses incurred for In-Network and Out-of-Network charges for which no payment is provided because of the coinsurance factor. However, charges for Covered Expenses incurred for or in connection with a) Mental Health and Substance Abuse, b) non-compliance penalties, or c) in excess of the Maximum Reimbursable Charge levels will not accumulate toward the Out-of-Pocket Maximums and benefits for such expenses will not be increased.

Accumulation of Plan Deductibles and Out-of-Pocket Maximums
Deductibles and Out-of-Pocket Maximums will cross accumulate. All other plan maximums and service-specific maximums (dollar and occurrence) cross-accumulate between In- and Out-of-Network unless otherwise noted.

Multiple Surgical Reduction
Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.
Assistant Surgeon and Co-Surgeon Charges

Assistant Surgeon
The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed 20 percent of the surgeon's allowable charge. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

Co-Surgeon
The maximum amount payable will be limited to charges made by co-surgeons that do not exceed 20 percent of the surgeon's allowable charge plus 20 percent. (For purposes of this limitation, allowable charge means the amount payable to the surgeons prior to any reductions due to coinsurance or deductible amounts.)

Open Access Plus Medical Benefits

Certification Requirements - Out-of-Network
For You and Your Dependents

Pre-Admission Certification/Continued Stay Review for Hospital Confinement
Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

• as a registered bed patient;
• for a Partial Hospitalization for the treatment of Mental Health or Substance Abuse;
• for Mental Health or Substance Abuse Residential Treatment Services.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization within 48 hours after the admission. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement.

Covered Expenses incurred will not include the first $250 of Hospital charges made for each separate admission to the Hospital:

• unless PAC is received: (a) prior to the date of admission; or (b) in the case of an emergency admission, within 48 hours after the date of admission.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will not include:

• Hospital charges for Bed and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
• any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

PAC and CSR are performed through a utilization review program by a Review Organization with which CG has contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

GM6000 PACV93C

Prior Authorization/Pre-Authorized

The term Prior Authorization means the approval that a Participating Provider must receive from the Review Organization, prior to services being rendered, in order for certain services and benefits to be covered under this policy.

Services that require Prior Authorization include, but are not limited to:

• inpatient Hospital services;
• inpatient services at any participating Other Health Care Facility;
• residential treatment;
• nonemergency ambulance; or
• transplant services.

GM6000 05BPT16 V6

Covered Expenses

The term Covered Expenses means the expenses incurred by or on behalf of a person for the charges listed below if they are incurred after he becomes insured for these benefits. Expenses incurred for such charges are considered Covered Expenses to the extent that the services or supplies provided are recommended by a Physician, and are Medically Necessary for the care and treatment of an Injury or a Sickness, as determined by CG. Any applicable Copayments, Deductibles or limits are shown in The Schedule.

Covered Expenses

• charges made by a Hospital, on its own behalf, for Bed and Board and other Necessary Services and Supplies; except that for any day of Hospital Confinement, Covered Expenses will not include that portion of charges for Bed and Board which is more than the Bed and Board Limit shown in The Schedule.
• charges for licensed ambulance service to or from the nearest Hospital where the needed medical care and treatment can be provided.
• charges made by a Hospital, on its own behalf, for medical care and treatment received as an outpatient.
• charges made by a Free-Standing Surgical Facility, on its
  own behalf for medical care and treatment.
• charges made on its own behalf, by an Other Health Care
  Facility, including a Skilled Nursing Facility, a
  Rehabilitation Hospital or a subacute facility for medical
  care and treatment; except that for any day of Other Health
  Care Facility confinement, Covered Expenses will not
  include that portion of charges which are in excess of the
  Other Health Care Facility Daily Limit shown in The
  Schedule.
• charges made for Emergency Services and Urgent Care.
• charges made by a Physician or a Psychologist for
  professional services.
• charges made by a Nurse, other than a member of your
  family or your Dependent's family, for professional nursing
  service.
• charges made for anesthetics and their administration;
  diagnostic x-ray and laboratory examinations; x-ray,
  radium, and radioactive isotope treatment; chemotherapy;
  blood transfusions; oxygen and other gases and their
  administration.
• charges made for a mammogram for women ages 35 to 69,
  every one to two years, or at any age for women at risk,
  when recommended by a Physician.
• charges made for an annual Papanicolaou laboratory
  screening test.
• charges made for an annual prostate-specific antigen test
  (PSA).
• charges for appropriate counseling, medical services
  connected with surgical therapies, including vasectomy and
  tubal ligation.

  history, physical exam, related laboratory tests, medical
  supervision in accordance with generally accepted medical
  practices, other medical services, information and
  counseling on contraception, implanted/injected con-
 traceptives.

  Dependent child during the first two years of that
  Dependent child’s life, including immunizations.

Clinical Trials
• charges made for routine patient services associated with
  cancer clinical trials approved and sponsored by the federal
  government. In addition the following criteria must be met:
  • the cancer clinical trial is listed on the NIH web site
    www.clinicaltrials.gov as being sponsored by the federal
    government;
  • the trial investigates a treatment for terminal cancer and: (1)
    the person has failed standard therapies for the disease; (2)
    cannot tolerate standard therapies for the disease; or (3) no
    effective nonexperimental treatment for the disease exists;
  • the person meets all inclusion criteria for the clinical trial
    and is not treated “off-protocol”;
  • the trial is approved by the Institutional Review Board of
    the institution administering the treatment; and
  • coverage will not be extended to clinical trials conducted at
    nonparticipating facilities if a person is eligible to
    participate in a covered clinical trial from a Participating
    Provider.
Routine patient services do not include, and reimbursement
will not be provided for:
• the investigational service or supply itself;
• services or supplies listed herein as Exclusions;
• services or supplies related to data collection for the clinical
  trial (i.e., protocol-induced costs);
• services or supplies which, in the absence of private health
  care coverage, are provided by a clinical trial sponsor or
  other party (e.g., device, drug, item or service supplied by
  manufacturer and not yet FDA approved) without charge to
  the trial participant.

Genetic Testing
• charges made for genetic testing that uses a proven testing
  method for the identification of genetically-linked
  inheritable disease. Genetic testing is covered only if:
  • a person has symptoms or signs of a genetically-linked
    inheritable disease;
  • it has been determined that a person is at risk for carrier
    status as supported by existing peer-reviewed, evidence-
    based, scientific literature for the development of a
    genetically-linked inheritable disease when the results will
    impact clinical outcome; or
  • the therapeutic purpose is to identify specific genetic
    mutation that has been demonstrated in the existing peer-
    reviewed, evidence-based, scientific literature to directly
    impact treatment options.
Pre-implantation genetic testing, genetic diagnosis prior to
embryo transfer, is covered when either parent has an
inherited disease or is a documented carrier of a genetically-linked inheritable disease.

Genetic counseling is covered if a person is undergoing approved genetic testing, or if a person has an inherited disease and is a potential candidate for genetic testing. Genetic counseling is limited to 3 visits per contract year for both pre- and postgenetic testing.

**Nutritional Evaluation**

Home Health Services are provided only if CG has determined that the home is a medically appropriate setting. If you are a minor or an adult who is dependent upon others for nonskilled care and/or custodial services (e.g., bathing, eating, toileting), Home Health Services will be provided for you only during times when there is a family member or care giver present in the home to meet your nonskilled care and/or custodial services needs.

Home Health Services are those skilled health care services that can be provided during visits by Other Health Care Professionals. The services of a home health aide are covered when rendered in direct support of skilled health care services provided by Other Health Care Professionals. A visit is defined as a period of 2 hours or less. Home Health Services are subject to a maximum of 16 hours in total per day. Necessary consumable medical supplies and home infusion therapy administered or used by Other Health Care Professionals in providing Home Health Services are covered. Home Health Services do not include services by a person who is a member of your family or your Dependent's family or who normally resides in your house or your Dependent's house even if that person is an Other Health Care Professional. Skilled nursing services or private duty nursing services provided in the home are not subject to the Home Health Services benefit limitations in the Schedule, but are subject to the benefit limitations described under Short-term Rehabilitative Therapy Maximum shown in The Schedule.

The following charges for Hospice Care Services are not included as Covered Expenses:
- for the services of a person who is a member of your family or your Dependent's family or who normally resides in your house or your Dependent's house;
- for any period when you or your Dependent is not under the care of a Physician;
- for services or supplies not listed in the Hospice Care Program;
Mental Health and Substance Abuse Services

Prescription Drug Benefits
For You and Your Dependents

Covered Expenses
If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy, for Medically Necessary Prescription Drugs or Related Supplies ordered by a Physician, CG will provide coverage for those expenses as shown in the Schedule. Coverage also includes Medically Necessary Prescription Drugs and Related Supplies dispensed for a prescription issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent is issued a prescription for Medically Necessary Prescription Drugs or Related Supplies as part of the rendering of Emergency Services and that prescription cannot reasonably be filled by a Participating Pharmacy, the prescription will be covered by CG, as if filled by a Participating Pharmacy.

Limitations
Each Prescription Order or refill shall be limited as follows:

• up to a consecutive 30-day supply, at a retail Pharmacy, unless limited by the drug manufacturer's packaging; or
• up to a consecutive 90-day supply at a mail-order Participating Pharmacy, unless limited by the drug manufacturer's packaging; or
• to a dosage and/or dispensing limit as determined by the P&T Committee.

Coverage for certain Prescription Drugs and Related Supplies requires your Physician to obtain authorization prior to prescribing. If your Physician wishes to request coverage for Prescription Drugs or Related Supplies for which prior authorization is required, your Physician may call or complete the appropriate prior authorization form and fax it to CG to request prior authorization for coverage of the Prescription Drugs or Related Supplies. Your Physician should make this request before writing the prescription.

If the request is approved, your Physician will receive confirmation. The authorization will be processed in our claim system to allow you to have coverage for those Prescription Drugs or Related Supplies. The length of the authorization will depend on the diagnosis and Prescription Drugs or Related Supplies. When your Physician advises you that coverage for the Prescription Drugs or Related Supplies has been approved, you should contact the Pharmacy to fill the prescription(s).

If the request is denied, your Physician and you will be notified that coverage for the Prescription Drugs or Related Supplies is not authorized.

If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the Policy, by submitting a written request stating why the Prescription Drugs or Related Supplies should be covered.

If you have questions about a specific prior authorization request, you should call Member Services at the toll-free number on the ID card.

All drugs newly approved by the Food and Drug Administration (FDA) are designated as either non-Preferred or non-Prescription Drug List drugs until the P & T Committee clinically evaluates the Prescription Drug for a different designation.

Prescription Drugs that represent an advance over available therapy according to the FDA will be reviewed by the P&T Committee within six months after FDA approval. Prescription Drugs that appear to have therapeutic qualities similar to those of an already marketed drug according to the FDA, will not be reviewed by the P&T Committee for at least six months after FDA approval. In the case of compelling clinical data, an ad hoc group will be formed to make an interim decision on the merits of a Prescription Drug.

Your Payments
Coverage for Prescription Drugs and Related Supplies purchased at a Pharmacy is subject to the Copayment or Coinsurance shown in the Schedule, after you have satisfied your Prescription Drug Deductible, if applicable. Please refer to the Schedule for any required Copayments, Coinsurance, Deductibles or Maximums if applicable.

When a treatment regimen contains more than one type of Prescription Drugs which are packaged together for your, or your Dependent's convenience, a Copayment will apply to each Prescription Drug.

Pre-existing Condition Limitations
No payment will be made for Covered Expenses for or in connection with an Injury or a Sickness which is a Pre-existing Condition, unless those expenses are incurred after a continuous one-year period during which a person is satisfying a waiting period and/or is insured for these benefits.

Pre-existing Condition
A Pre-existing Condition is an Injury or a Sickness for which a person receives treatment, incurs expenses or receives a diagnosis from a Physician during the 90 days before the earlier of the date a person begins an eligibility waiting period, or becomes insured for these benefits.

Exceptions to Pre-existing Condition Limitation
Pregnancy, and genetic information with no related treatment, will not be considered Pre-existing Conditions.

A newborn child, an adopted child, or a child placed for adoption before age 18 will not be subject to any Pre-existing Condition limitation if such child was covered within 31 days of birth, adoption or placement for adoption. Such waiver will not apply if 63 days elapse between coverage during a prior period of Creditable Coverage and coverage under this plan.

Credit for Coverage Under Prior Plan
If a person was previously covered under a plan which qualifies as Creditable Coverage, the following will apply, provided he notifies the Employer of such prior coverage, and fewer than 63 days elapse between coverage under the prior plan and coverage under this plan, exclusive of any waiting period.

CG will reduce any Pre-existing Condition limitation period under this policy by the number of days of prior Creditable Coverage you had under a creditable health plan or policy.

Certification of Prior Creditable Coverage
You must provide proof of your prior Creditable Coverage in order to reduce a Pre-existing Condition limitation period. You should submit proof of prior coverage with your enrollment material. Box 9077, Melville, NY 11747-9077. You should contact the plan administrator or CIGNA Customer Service Representative if assistance is needed to obtain proof of prior Creditable Coverage. Once your prior coverage records are reviewed and credit is calculated, you will receive a notice of any remaining Pre-existing Condition limitation period.

Creditable Coverage
Creditable Coverage will include coverage under: a self-insured employer group health plan; individual or group health
Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical care or treatment:

- Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
- Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.
- Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the

Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense

A necessary, reasonable and customary service or expense, including deductibles, coinsurance or copayments, that is covered in full or in part by any Plan covering you. When a Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period

A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or
comparable circumstances.

**Order of Benefit Determination Rules**

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;
- If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
  - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
  - then, the Plan of the parent with custody of the child;
  - then, the Plan of the spouse of the parent with custody of the child;
  - then, the Plan of the parent not having custody of the child;
  - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

**Effect on the Benefits of This Plan**

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

The difference between the amount that this Plan would have paid if this Plan had been the Primary Plan, and the benefit payments that this Plan had actually paid as the Secondary Plan, will be recorded as a benefit reserve for you. CG will use this benefit reserve to pay any Allowable Expense not otherwise paid during the Claim Determination Period.

As each claim is submitted, CG will determine the following:

- CG's obligation to provide services and supplies under this policy;
- whether a benefit reserve has been recorded for you; and
- whether there are any unpaid Allowable Expenses during the Claims Determination Period.

If there is a benefit reserve, CG will use the benefit reserve recorded for you to pay up to 100% of the total of all Allowable Expenses. At the end of the Claim Determination Period, your benefit reserve will return to zero and a new benefit reserve will be calculated for each new Claim Determination Period.

**Recovery of Excess Benefits**

If CG pays charges for benefits that should have been paid by the Primary Plan, or if CG pays charges in excess of those for which we are obligated to provide under the Policy, CG will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

CG will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.
Right to Receive and Release Information

CG, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 90 days of the request, the claim will be denied. If the requested information is subsequently received, the claim will be processed.

Medicare Eligibles

CG will pay as the Secondary Plan as permitted by the Social Security Act of 1965 as amended for the following:

a) a former Employee who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;

b) a former Employee's Dependent, or a former Dependent Spouse, who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;

c) an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Employee is eligible for Medicare due to disability;

d) the Dependent of an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Dependent is eligible for Medicare due to disability;

e) an Employee or a Dependent of an Employee of an Employer who has fewer than 20 Employees, if that person is eligible for Medicare due to age;

f) an Employee, retired Employee, Employee's Dependent or retired Employee's Dependent who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months;

CG will assume the amount payable under:

- Part A of Medicare for a person who is eligible for that Part without premium payment, but has not applied, to be the amount he would receive if he had applied.
- Part B of Medicare for a person who is entitled to be enrolled in that Part, but is not, to be the amount he would receive if he were enrolled.
- Part B of Medicare for a person who has entered into a private contract with a provider, to be the amount he would receive in the absence of such private contract.

A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective for him.

This reduction will not apply to any Employee and his Dependent or any former Employee and his Dependent unless he is listed under (a) through (f) above.

Right of Reimbursement

The Policy does not cover:

1. Expenses for which another party may be responsible as a result of liability for causing or contributing to the injury or illness of you or your Dependent(s).
2. Expenses to the extent they are covered under the terms of any automobile medical, automobile no fault, uninsured or underinsured motorist, workers' compensation, government insurance, other than
Medicaid, or similar type of insurance or coverage when insurance coverage provides benefits on behalf of you or your Dependent(s).

If you or a Dependent incur health care Expenses as described in (1) and (2) above, Connecticut General shall automatically have a lien upon the proceeds of any recovery by you or your Dependent(s) from such party to the extent of any benefits provided to you or your Dependent(s) by the Policy. You or your Dependent(s) or their representative shall execute such documents as may be required to secure Connecticut General's rights. Connecticut General shall be reimbursed the lesser of:

- the amount actually paid by CG [or the HealthPlan] under the Policy; or
- an amount actually received from the third party;
- at the time that the third party's liability is determined and satisfied; whether by settlement, judgment, arbitration or otherwise.

### Payment of Benefits

#### To Whom Payable

All Medical Benefits are payable to you. However, at the option of CG, all or any part of them may be paid directly to the person or institution on whose charge claim is based. Medical Benefits are not assignable unless agreed to by CG. CG may, at its option, make payment to you for the cost of any Covered Expenses received by you or your Dependent from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to you or your Dependent, you or your Dependent is responsible for reimbursing the Provider. If any person to whom benefits are payable is a minor or, in the opinion of CG, is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, CG may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

If you die while any of these benefits remain unpaid, CG may choose to make direct payment to any of your following living relatives: spouse, mother, father, child or children, brothers or sisters; or to the executors or administrators of your estate.

Payment as described above will release CG from all liability to the extent of any payment made.

#### Time of Payment

Benefits will be paid by CG when it receives due proof of loss.

#### Recovery of Overpayment

When an overpayment has been made by CG, CG will have the right at any time: (a) recover that overpayment from the person to whom or on whose behalf it was made; or (b) offset the amount of that overpayment from a future claim payment.

### Calculation of Covered Expenses

CG, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

### Termination of Insurance

#### Employees

- the date you cease to be a Class of Eligible Employees or cease to qualify for the insurance.

Any continuation of insurance must be based on a plan which precludes individual selection.

#### Temporary Layoff or Leave of Absence

Uniformed Services Employment and
Reemployment Rights Act of 1994 (USERRA)
The Uniformed Services Employment and Reemployment
Rights Act of 1994 (USERRA) sets requirements for
continuation of health coverage and reemployment in regard
to military leaves of absence. These requirements apply to
medical and dental coverage for you and your Dependents.
They do not apply to any Life, Short-term or Long-term
Disability or Accidental Death & Dismemberment coverage.

Continuation of Coverage
For leaves of less than 31 days, coverage will continue as
described in the Termination section regarding Leave of
Absence.
For leaves of 31 days or more, you may continue coverage for
yourself and your Dependent as follows:
You may continue benefits, by paying the required premium
to your Employer, until the earliest of the following:
• 24 months from the last day of employment with the
  Employer;
• the day after you fail to apply or return to work; and
• the date the policy cancels.
Your Employer may charge you and your Dependents up to
102% of the total premium.
Following continuation of health coverage per USERRA
requirements, you may convert to a plan of individual
coverage according to any "Conversion Privilege" shown in
your certificate.

NOT141
Reinstatement of Benefits (Applicable To All Coverages)
If your coverage ends during the leave because you do not elect USERRA or an available conversion plan at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if, (a) you gave your Employer advance written or verbal notice of your military service leave, and (b) the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.
You and your Dependents will be subject to only the balance of a Pre-existing Condition Limitation (PCL) or waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply. Any 63-day break in coverage rule regarding credit for time accrued toward a PCL waiting period will be waived.

Notice of Federal Requirements
If your income does not exceed 100% of the official poverty line and your liquid resources are at or below twice the social security income level, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost-effective. This includes premiums for continuation coverage required by federal law.

Requirements of the Omnibus Budget Reconciliation Act of 1993 (OBRA'93)
These health coverage requirements do not apply to any benefits for loss of life, dismemberment or loss of income.
Any other provisions in this certificate that provide for: (a) the definition of an adopted child and the effective date of eligibility for coverage of that child; and (b) eligibility requirements for a child for whom a court order for medical support is issued; are superseded by these provisions required by the federal Omnibus Budget Reconciliation Act of 1993, as amended, where applicable.

A. Eligibility for Coverage Under a Qualified Medical Child Support Order
If a Qualified Medical Child Support Order is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.
You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the Qualified Medical Child Support Order being issued.

Qualified Medical Child Support Order
A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:
1. the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
2. the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;
3. the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
4. the order states the period to which it applies; and
5. if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The Qualified Medical Child Support Order may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except an order may require a plan to comply with state laws regarding child health care coverage.

Payment of Benefits
Any payment of benefits in reimbursement for Covered Expenses paid by the child, the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

B. Eligibility for Coverage for Adopted Children
Any child under the age of 18 who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.
If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.
The provisions in the "Exceptions for Newborns" section of this certificate that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

Any "Pre-existing Condition Limitation" in this certificate will be waived for an adopted child or a child placed for adoption.

Continuation Required By Federal Law

For You and Your Dependents

The Continuation Required by Federal Law does not apply to any benefits for loss of life, dismemberment or loss of income.

Federal law enables you or your Dependent to continue health insurance if coverage would cease due to a reduction of your work hours or your termination of employment (other than for gross misconduct). Federal law also enables your Dependents to continue health insurance if the required premium is paid to the Employer. You and your Dependents must elect to continue insurance within 60 days from the later of: (a) the date of a reduction of your work hours or your termination of employment; (b) the date notice of the right to continue insurance is sent; or (c) the date the insurance would otherwise cease. You and your Dependents must pay the first premium within 45 days from the date you elect to continue coverage. Such insurance will not be continued by CG for you and/or your Dependents, as applicable, beyond the earliest of the following dates:

- 18 months from the date your work hours are reduced or your employment terminates, whichever may occur first;
- the date the policy cancels;
- the date coverage ends due to your failure to pay the required subsequent premium within 30 days of the due date;
- the date your Dependent ceases to qualify as an eligible Dependent;
- after you elect to continue this insurance, the date you first become entitled to Medicare, and for your Dependent, the date he first becomes entitled to Medicare;
- after you elect to continue this insurance, for you, the date you first become covered under another group health plan, unless you have a condition for which the new plan limits or excludes coverage, in which case coverage will continue until the earliest of any other point above.

B. Dependent Continuation Provision

If health insurance for your Dependents would otherwise cease because of:

(1) your death;
(2) divorce or legal separation; or
(3) with respect to a Dependent child, failure to continue to qualify as a Dependent,

such insurance may be continued upon payment of the required premium to the Employer. In the case of (2) or (3) above, you or your Dependent must notify your Employer within 60 days of such event. In addition, a Dependent must elect to continue insurance within 60 days from the later of: (a) the date the insurance would otherwise cease; or (b) the date notice of the right to continue insurance is sent.

CG will not continue the health insurance of a Dependent beyond the earliest of the following dates:

- 36 months from the date of (1), (2) or (3) above, whichever may occur first;
- the date coverage ends due to failure to pay the required subsequent premium within 30 days of the due date;
- after the Dependent elects to continue this insurance, the date the Dependent first becomes entitled to Medicare;
- the date the policy cancels; or
- after the Dependent elects to continue this insurance, the date the Dependent first becomes covered under another group health plan, unless the Dependent has a condition for which the new plan limits or excludes coverage, in which case coverage will continue until the earliest of any other point above.

C. Subsequent Events Affecting Dependent Coverage

If, within the initial 18-month continuation period, your Dependent would lose coverage because of an event described in (1), (2), or (3) of Section B, or because of your coverage loss due to your subsequent entitlement to Medicare, after you have continued your Dependent's coverage due to your employment termination or reduction in work hours, your Dependent may continue coverage for up to 36 months from the date of loss of employment or reduction in work hours.
If your employment ends or your work hours are reduced within 18 months after your entitlement to Medicare, your covered Dependent may continue coverage for up to 36 months from the date you become entitled to Medicare.

If your employment ends or your work hours are reduced more than 18 months after your entitlement to Medicare, your covered Dependent may continue coverage for up to 18 months from the date your employment ends or your work hours are reduced.

Disabled Individuals Continuation Provisions
If you or your Dependent is disabled before or within the first 60 days of continuation of coverage which follow termination of employment or a reduction in work hours, the disabled person may continue health insurance for up to an additional 11 months beyond the 18-month period.

If you or your Dependents who are not disabled elect to continue coverage, such family members of the disabled person may extend coverage for up to an additional 11 months, if they otherwise remain eligible, and notice of disability is provided as described in (b), below.

To be eligible you or your Dependent must:

- be declared disabled as of a day before or during the first 60 days of continuation, under Title II or XVI by the Social Security Administration; and
- notify the Plan Administrator of the Social Security Administration's determination within 60 days following the determination and within the initial 18-month continuation period, and provide the Plan Administrator with a copy of the determination.

Termination of coverage for all covered persons during the additional 11 months will occur if the disabled person is found by the Social Security Administration to be no longer disabled. Termination for this reason will occur on the first day of the month beginning more than 30 days after the date of the final determination.

All reasons for termination described in Sections A and B which apply to the initial 18 months will also apply to any or all covered persons for any additional months of coverage.

E. Payment of Premium
This Plan may require the payment of an amount that does not exceed 102% of the applicable premium, except this Plan may require payment of up to 150% of the Applicable Premium for any extended period of continuation coverage for a covered person who is disabled. The additional 48% may only be applied to the premium for the rating category that includes the disabled individual, and only for the additional 11 months.

Applicable Premium is determined as follows:

1. if the Employee alone elects to continue coverage, the Employee will be charged the active Employee rate.
2. if a Dependent spouse alone elects to continue coverage, the spouse will be charged the active Employee rate.
3. if a Dependent child or children elect to continue coverage without a parent also electing the continuation, each child will be charged the active Employee rate.
4. if the entire family elects to continue coverage, they will be charged the family rate.
5. if the Schedule of Premium Rates is set up on a step-rate basis, the active rate basis that fits the individuals who elect to continue his coverage is the rate that will be charged. If only children elect to continue coverage, each child will be charged the Employee Only rate.

Timely Payment
If payment is made within the grace period in an amount not significantly less than the amount the Plan requires to be paid, the amount must be deemed to satisfy the Plan's requirement. However, you must be notified and allowed at least 30 days after notice is provided for payment to be made.

F. Providing Notification of Your Status to Health Care Providers During the Grace Period
If, after you elect to continue coverage, a health care provider contacts this Plan to confirm coverage for a period for which premium has not yet been received, the Plan must give a complete and accurate response.

G. Notification Requirements
Your Employer should send you initial notification of coverage continuation rights as required by federal law; (a) when the Plan first becomes subject to federal continuation requirements; (b) when you are hired; and (c) when you add a spouse as a Dependent for benefits under the Plan. Receipt of
this certificate may serve as such notice.

If you become eligible to continue coverage per federal law, your Employer must send you notification within 14 days. If the Plan has a Plan Administrator, the Employer must notify the Plan Administrator within 30 days. The Plan Administrator must notify you within 14 days, thereafter.

If eligibility to continue coverage is due to divorce, legal separation or a Dependent child losing eligibility for coverage under the Plan, you or your Dependent spouse must notify your Employer within 60 days of such event. Your Employer must notify you of the right to continue coverage within 14 days after receipt of notification of such event.

Interaction With Other Continuation Benefits

A person who is eligible to continue insurance under both (1) and (2) below may continue the insurance, upon payment of any required premium, for a period of time not to exceed the longer of: (1) the continuation required by federal law; or (2) any other continuation of insurance provided in this Certificate.

Newly Acquired Dependents

If, while your insurance is being continued under the continuation required by federal law provisions, you acquire a new Dependent, such Dependent will be eligible for this Continuation provided:

• the required premium is paid; and

• CG is notified of your newly acquired Dependent in accordance with the terms of the policy.

If events 1 or 2 of Section B should subsequently occur for your newly acquired Dependent spouse, such spouse will not be entitled to continue his insurance. However, your Dependent child will be able to continue his insurance.

If events described in Section C should subsequently occur for your child who is born, adopted or placed for adoption as a newly acquired Dependent, coverage will be continued according to that section.

A. Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

• that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993; and

• you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

B. Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period or the requirements of any Pre-existing Condition Limitation to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993.

Such discretionary authority is intended to include, but not limited to, the determination of the eligibility of persons desiring to enroll in or claim benefits under the plan, the determination of whether a person is entitled to benefits under the plan, and the computation of any and all benefit payments. The Plan Administrator also delegates to CG the discretionary authority to perform a full and fair review, as required by ERISA, of each claim denial which has been appealed by the claimant or his duly authorized representative.

Plan Modification, Amendment and Termination
The Employer as Plan Sponsor reserves the right to, at any time, change or terminate benefits under the Plan, to change or terminate the eligibility of classes of Employees to be covered by the Plan, to amend or eliminate any other plan term or condition, and to terminate the whole plan or any part of it. The procedure by which benefits may be changed or terminated, by which the eligibility of classes of Employees may be changed or terminated, or by which part or all of the Plan may be terminated, is contained in the Employer's Plan Document, which is available for inspection and copying from the Plan Administrator designated by the Employer. Likewise, any extension of benefits under the policy(s) due to your or your Dependent's total disability which began prior to and has continued beyond the date the policy(s) terminates will not be affected by the Plan termination. - the date you leave Active Service;
- the date you are no longer in an eligible class;
- if the Plan is contributory, the date you cease to contribute; or

- continue health care coverage for yourself, your spouse or Dependents if there is a loss of coverage under the Plan as a result of your or your Dependent's termination of employment.
result of a qualifying event. You or your Dependents may have to pay for such coverage. Review this Summary Plan Description and the documents governing the Plan on the rules governing your federal continuation coverage rights.

- reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect federal continuation coverage, when your federal continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to a preexisting condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in your coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants ERISA imposes duties upon the people responsible for the operation of the Employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your Employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA. If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Enforce Your Rights

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored in whole or in part, you may file suit in a state or federal court.

In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Claim Determination Procedures Under ERISA

The following complies with federal law effective July 1, 2002. Provisions of the laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be medically necessary to be covered under the plan. The procedures for determining medical necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical necessity determinations are made on either a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. This prior authorization is called a "preservice medical necessity determination." The Certificate describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care provider) must request medical necessity determinations according to the procedures described below, in the Certificate, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not medically necessary, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Certificate, in your provider's network participation documents, and in the determination notices.
Preservice Medical Necessity Determinations

When you or your representative request a required medical necessity determination prior to care, CG will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond CG's control, CG will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to CG within 45 days after receiving the notice. The determination period will be suspended on the date CG sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would (a) seriously jeopardize your life or health, your ability to regain maximum function, or (b) in the opinion of a Physician with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, CG will make the preservice determination on an expedited basis. CG's Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. CG will notify you or your representative of an expedited determination within 72 hours after receiving the request. However, if necessary information is missing from the request, CG will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to CG within 48 hours after receiving the notice. CG will notify you or your representative of the expedited benefit determination within 48 hours after receiving the request or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative fails to follow CG's procedures for requesting a required preservice medical necessity determination, CG will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Medical Necessity Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent medical necessity determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, CG will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Medical Necessity Determinations

When you or your representative requests a medical necessity determination after services have been rendered, CG will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond CG's control, CG will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to CG within 45 days after receiving the notice. The determination period will be suspended on the date CG sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Postservice Claim Determinations

When you or your representative requests payment for services which have been rendered, CG will notify you of the claim payment determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond CG's control, CG will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you and your representative must provide the specified information within 45 days after receiving the notice. The determination period will be suspended on the date CG sends such a notice of missing information, and resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: (1) the specific reason or reasons for the adverse determination; (2) reference to the specific plan provisions on which the determination is based; (3) a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; (4) a description of the plan's review procedures and the time limits...
applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal; (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim, and an explanation of the scientific or clinical judgment for a determination that is based on a medical necessity, experimental treatment or other similar exclusion or limit; (6) in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

**When You Have A Complaint Or An Appeal**

The following complies with federal law and is effective July 1, 2002. Provisions of the laws of your state may supersede.

For the purposes of this section, any reference to "you," "your" or "Member" also refers to a representative or provider designated by you to act on your behalf, unless otherwise noted.

We want you to be completely satisfied with the care you receive. That is why we have established a process for addressing your concerns and solving your problems.

**Start With Member Services**

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, or contractual benefits, you can call the toll-free number on your Benefit Identification card, explanation of benefits or claim form and explain your concern to one of our Member Services representatives. You can also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days.

If you are not satisfied with the results of a coverage decision, you can start the appeals procedure.

**Appeals Procedure**

CG has a two-step appeals procedure for coverage decisions. To initiate an appeal, you must submit a request for an appeal in writing to CG within 365 days of receipt of a denial notice. You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask CG to register your appeal by telephone. Call or write to us at the toll-free number or address on your Benefit Identification card, explanation of benefits, or claim form.

**Level One Appeal**

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level one appeals, we will respond in writing with a decision within 15 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination, and within 30 calendar days after we receive an appeal for a postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited,
CG will respond orally with a decision within 72 hours, followed up in writing.

Level-Two Appeal

If you are dissatisfied with our level-one appeal decision, you may request a second review. To initiate a level-two appeal, follow the same process required for a level-one appeal.

Most requests for a second review will be conducted by the Committee, which consists of a minimum of three people. Anyone involved in the prior decision may not vote on the Committee. For appeals involving Medical Necessity or clinical appropriateness the Committee will consult with at least one Physician in the same or similar specialty as the care under consideration, as determined by CG's Physician reviewer. You may present your situation to the Committee in person or by conference call.

For level-two appeals we will acknowledge in writing that we have received your request and schedule a Committee review. For required preservice and concurrent care coverage determinations the Committee review will be completed within 15 calendar days and for postservice claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review. You will be notified in writing of the Committee's decision within 5 business days after the Committee meeting, and within the Committee review time frames above if the Committee does not approve the requested coverage.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your Physician, would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, CG will respond orally with a decision within 72 hours, followed up in writing.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: (1) the specific reason or reasons for the adverse determination; (2) reference to the specific plan provision on which the determination is based; (3) a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined; (4) a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a); (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit.

You also have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Independent Review Procedure

If you are not fully satisfied with the decision of CG's level two appeal review regarding your Medical Necessity or clinical appropriateness issue, you may request that your appeal be referred to an Independent Review Organization. The Independent Review Organization is composed of persons who are not employed by CIGNA HealthCare or any of its affiliates. A decision to use the voluntary level of appeal will not affect the claimant's rights to any other benefits under the plan.

There is no charge for you to initiate this Independent Review Process. CG will abide by the decision of the Independent Review Organization.

In order to request a referral to an Independent Review Organization, the reason for the denial must be based on a Medical Necessity or clinical appropriateness determination by CG. Administrative, eligibility or benefit coverage limits or exclusions are not eligible for appeal under this process.

To request a review, you must notify the Appeals Coordinator within 180 days of your receipt of CG's level two appeal review denial. CG will then forward the file to the Independent Review Organization.

The Independent Review Organization will render an opinion within 30 days. When requested and when a delay would be detrimental to your medical condition, as determined by CG's Physician reviewer, the review shall be completed within three days.

The Independent Review Program is a voluntary program arranged by CG.
to whether such document, record, or other information was relied upon in making the benefit determination; (c) demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or (d) constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action
If your plan is governed by ERISA, you have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against CG until you have completed the Level One and Level Two appeal processes. If your appeal is expedited, there is no need to complete the Level Two process prior to bringing legal action.

Arbitration
This provision does not apply to dental plans.
To the extent permitted by law, any controversy between CG and the Group, or an insured (including any legal representative acting on behalf of a Member), arising out of or in connection with this Certificate may be submitted to arbitration upon written notice by one party to another. Such arbitration shall be governed by the provisions of the Commercial Arbitration Rules of the American Arbitration Association, to the extent that such provisions are not inconsistent with the provisions of this section.
If the parties cannot agree upon a single arbitrator within 30 days of the effective date of the written notice of arbitration, each party shall choose one arbitrator within 15 working days after the expiration of such 30-day period and the two arbitrators so chosen shall choose a third arbitrator, who shall be an attorney duly licensed to practice law in the applicable state. If either party refuses or otherwise fails to choose an arbitrator within such 15 working day period, the arbitrator chosen shall choose a third arbitrator in accordance with these requirements.
The arbitration hearing shall be held within 30 days following appointment of the third arbitrator, unless otherwise agreed to by the parties. If either party refuses to or otherwise fails to participate in such arbitration hearing, such hearing shall proceed and shall be fully effective in accordance with this section, notwithstanding the absence of such party.
The arbitrator(s) shall render his (their) decision within 30 days after the termination of the arbitration hearing. To the extent permitted by law, the decision of the arbitrator, or the decision of any two arbitrators if there are three arbitrators, shall be binding upon both parties conclusive of the controversy in question, and enforceable in any court of competent jurisdiction.
No party to this Certificate shall have a right to cease performance of services or otherwise refuse to carry out its obligations under this Certificate pending the outcome of arbitration in accordance with this section, except as otherwise specifically provided under this Certificate.

The symptoms that led you to believe you needed emergency care, as coded by the provider and recorded by the Hospital on the UB92 claim form, or its successor, or the final diagnosis, whichever reasonably indicated an emergency medical condition, will be the basis for the determination of coverage, provided such symptoms reasonably indicate an emergency.
