Pre-Health Advisor-Student Information Access Permission

By signing this form, the student agrees to have the Coordinator for the Global Health Initiative act as the Pre-Health Advisor for the duration that such student is in the Pre-Health program. This permission gives the Pre-Health advisor access to the student's profile in the Student Planning advising and registration system, including the following information:

- Past and present course schedules, and future courses planned
- Progress toward completion of degree requirements
- Notes between the student and academic advisor(s) that have been saved in the Student Planning system
- Results of the student's admission, placement, and other tests submitted to Wabash College
- The student's unofficial transcript and grades earned at Wabash
- Copies of any petitions or waivers on file for the student

The Pre-Health Advisor will be given access in the Student Planning system only when this completed form is submitted, in person, to the Registrar's Office in Center Hall, Room 115. The Pre-Health Advisor's access to the student's records will end automatically on the date indicated below, or upon the student's written request to the Registrar's Office to remove this access, or until such time that the Pre-Health Advisor notifies the Registrar's Office that such access is no longer required.
